“The box of food that was delivered Sunday probably saved my life. Things have been hard for me lately, my health is poor and sometimes I can’t pay all my bills. On the darkest days, there is no food to eat. When the kind volunteer and his beautiful daughter came to my door on Sunday, I knew they were a gift from G-d. Knowing that people took time to care about me has given me strength to carry on. Thank you for reminding me about the good in people and the good in the world.”
