Camp Philosophy

At the Klein JCC Summer Day Camp, we believe that a summer camp experience can have positive and lasting benefits for your child. Camp is a magical place where your child has fun, grows and feels good about who they are as an individual. Our programs offer your child opportunities to make new friends, participate in exciting activities and learn new skills while developing a deeper appreciation for their Jewish heritage.

Supervisors, specialists and counselors are all carefully selected based on experience and ability to relate to children. They help to provide a safe, nurturing environment that builds a sense of independence and individual accomplishment for our campers. We strive to help our campers become better people and we encourage them to always try their best.
